**WYNDHAM COZUMEL RESORT IS NOW ADULTS ONLY!**

From March 01st 2010 the resort becomes an adults only property. We will cater to those aged 18 and older.

This decision comes from our successful experience in operating our SABOR and AURA COZUMEL properties over the past 3 years.

Based on increased demand and the fact that over 90% of our guests in the main hotel are adults we decided to offer another alternative to this growing market segment.

We are sure that adults already booked after this date will appreciate the difference this change will make in enjoying their vacation.

Changes will be made in the operation to indulge adults looking for a relaxing tropical environment catering solely to their needs for a children free vacation.

It is a new very affordable option and one of a kind in Cozumel.

Thank You,

**The Management**
